D. T.'S SPRING BIG SURPRISE AT BANQUET

Present Day Descendant of T. N. E. Advocates New Policy Whereby Organization Will Be of Great Benefit to College

TO PERFORM NEEDED SERVICES

Paul B. Williams, '08, Editor of Press, Scores Attitude of College Man Who Expects to Be Handed Job After Leaving College

News that the sophomore honorary society of D. T., present day descendant of the old and alleged infamous T. N. E., has adopted a new policy whereby the organization promises to be of inestimable good to the college was sprung as somewhat of a surprise at the annual banquet held in the Yahnundasis Golf Club last Friday evening. The fact that for some time members of the organization had felt that D. T. should do something on a broader scale for the constructive benefit of the college was brought out. This feeling found expression in the new policy adopted which in effect will make D. T. a glad hand organization on the Hill. Members of the active chapter will have certain duties to perform such as ushering at games, receiving and entertaining visiting teams, showing visitors around the college, aiding in the sale and distribution of the Freshman Handbook, and participating in the plans and events of Sub-Freshman day.

Editor of Press Speaks

"Students who go to college today do not participate in as many activities as did the students of a decade or so ago," declared Paul B. Williams, '08, Editor of the Utica Press, addressing the D. T. Society at its annual initiation banquet. He scored the attitude of the type of college man who expects to be asked to accept a position after getting out of college, instead of realizing the necessity of going out after a job.

Mr. Williams' speech was the feature of the evening's program, which also included short talks by alumni and undergraduate members of the society. Wallace B. Johnson, '15, who acted as host and toastmaster, made an interesting comparison of the changes that have taken place in D. T. in the past ten years. In "Wally's" day the neophytes would be taken to Utica clad in white pajamas and made to perform such antics as stopping street cars to tie one's shoestring on the bumper, peddling papers, making speeches on soap boxes, and bowing humbly to passing policemen. But now, he observed, everything is done more decorously, even to the wearing of evening clothes.

Chase Outlines Policy

The opening speech of the evening was made by Jack Chase, '26, President of the active chapter, who outlined the progressive work that had been going on in D. T. the past year.

"During the last few years there has been a gradual change in D. T. which," according to the speaker, "was leading up to some sort of a change. The change came this year when a decision was reached to broaden D. T. by offering membership in the society to Lambda Chi Alpha starting next year, and by outlining a series of duties to be performed by the active chapter sopohomore year. These duties include helping to usher at games, receiving and entertaining visiting teams, showing visitors around the college, aiding in the sale and distribution of the Freshman Handbook, and participating in the plans and events of Sub-Freshman Day. It was found that all of these five services were such as needed to be taken care of on the Hill. This will help to make out of D. T. a "glad hand" organization of the general type that is found in most of the larger colleges and universities of the country."

In an interesting discussion of the organization's purpose and activities, Jack Hatch, '25, Don Kittell, '24, Dan Bates, '24, George H. Sicard, '06, and Robert McGregor, '27, participated.

The freshmen who were initiated Friday are: C. W. MacLean, H. H. Bockhout, R. G. Doane, J. O. Gillespie, T. A. Hickok, M. H. Howk, R. G. McGregor, Jr., N. Mann, G. B. Savage, P. C. Sayres, G. W. Springmann, and R. B. Stanley.

Among the alumni present were Paul Williams, '08, George Sicard, '06, Phil Doane, '23, George Morehouse, '23, Harry Coupe, '21, Pirnie Pritcard, '21, R. O. Burns, '10, Gregory Burns, '14, Francis Burns, '22, Grover C. Clark, '07, Sewell Jones, '08, Ed Parmelee, '19, and Wallace Johnson, '15.

EXECUTIVE COUNCIL AND COLLEGE MEETING SLATED

There will be a meeting of the Executive Council next Saturday afternoon at 5 o'clock, in Silliman Hall. This will be followed by a college meeting, in the form of a smoker, in Commons at 8 p. m. At this meeting letters and insignia will be awarded to members of the baseball, track and fencing teams. The college will vote on the new members of the Honor Court. There will be entertainment, the nature of which has not as yet been announced.

UNION TRACK TEAM WINS MEET 71 1-3—54 2-3

Garnet Team Was not Sure of Victory Until the Last Event—Capt. Alison Takes First Place in the 100 and 220 Yard Dashes

Failing to place in the broad and high jump, the Hamilton track team was defeated by Union 71 1.3 to 54 2.3 in a closely contested meet at Schenectady on Saturday. Not until the last event, the broad jump, had been finished, was the Union team sure of victory. Captain Alison was the star for the Buff and Blue, taking first places in the 100 and 220 yard dashes and second in the 440. Thomas and Alison easily took first and second places respectively in the quarter mile. Because of a cramp, Clark was unable to get better than third in the two mile, Boettcher of Union taking first and breaking the college record.

The summary of the meet is as follows:

THIRTY MEN IN GOLF MATCH DELUGED BY RAIN

Committee Decides Tournament Will Be Played Again Saturday—Interfraternity Contests Will Close Thursday

Last Saturday afternoon 30 men competing in the 12-hole handicap golf tournament were deluged with rain before they had a chance to finish their matches. Only two scores were handed in, so the Golf Committee has decided to play the tournament again next Saturday. A new handicap rating list will be posted in the gymnasium Saturday morning.

The Interfraternity Tournament which started last Monday will close Thursday of this week. In the first round the Alpha Delts beat the Emersonians, the D. U.'s defaulted to the Chi Psis, the Psi U's beat the Chi Bet's, the Sigs beat the Theta Delts and the Dekes beat the Lambda Chi's. In the second round the Alpha Delts beat the Chi Psis, the Dekes drew a bye, and the Sigs and Psi U's have not yet played all their matches. In the Sig-Psi U meet, Jones was eight strokes up on Nicholson, and Slauson seven strokes up on Pottle, so the Sigs are one stroke to the good, with the Perry-Kelly match still to be played.

The Alpha Delts, being in the upper half of the bracket, are in the finals. The winner of the Sig-Psi U match will play the Dekes for a position in the finals. The finals will be played Thursday afternoon.

Vacation Reading Suggestions Are Principally Fiction and Include "The Plastic Age"

At the request of **Life**, Professor Rudd has suggested a number of books for summer reading. There is always the question of what to read during the vacation and the college is fortunate to have a list of books from such an able critic and good judge of literature as is Mr. Rudd. The list, including "The Plastic Age" and consisting principally of fiction, is as follows:

Trollope; Daisy Miller by Henry James; Pendinnis by Thackeray; The Ordeal of Richard Feveral by Meredith; Babbit by Sinclair Lewis; The Naulahka and Captain Courageous by Kipling; Young Felix by Swinnerton; Trilby and Peter Ibbetson by DuMaurier; Tom Sawyer and Huckleberry Finn by Mark Twain; Nostromo and The Rescue by Conrad; The Old Wives' Tale by Bennett; The Tree of Heaven by May Sinclair; The Forest Lovers by Hewlett; John Inglesant by Shorthouse; The End of the House of Alard by Sheila Kaye-Smith; Esther Waters by George Moore; The Able McLaughlins by Wilson; Far Away and Long Ago by W. RAIN SATURDAY STOPS TENNIS MATCH WITH UNION

Hamilton Will Play Garnet in Schenectady May 30 and Will Meet St. Lawrence Here May 31

It seems that the tennis team has had a continual streak of hard luck in playing their matches, for in every contest so far there has been rain either just before the match or just after. The match intended for last Saturday with Union proved no exception to the rule, for the match had scarcely begun when it started to rain. The men on the teams, which played the first set of doubles, had played just long enough to show that the Union men had the edge on the Hamilton men. Kelly seemed to be the only one who held his own easily and consistently.

The Union team reported that their courts have not been played on this year due to the fact that they have been in such bad condition. They hope, however, to have them in condition by Friday in order that the Hamilton-Union match may be played on them then. This match will be played at the same time as the Hamilton-Union baseball game. The Garnet has held practice on the Albany Country Club courts up to now.

Union has defeated this season Rutgers, R. P. I., and Stevens Institute of Technology; but, on the other hand, has been defeated severely by Colgate and N. Y. U.

With the approaching tennis match with St. Lawrence here on May 31 comes the end of the scheduled season for Hamilton. This is the first year that St. Lawrence has had a tennis team. The Hamilton manager of tennis reports that there is not very much known about the prowess of the St. Lawrence team. According to stray reports, which are not registered as authentic, there are indications that they have a fairly strong team. There is practically nothing known about the games that they have played thus far.

This will be the last issue of LIFE until after examinations on June 14.

MC KINNEY PRIZE DEBATE IS TOMORROW EVENING

Tomorrow evening, May 28, the annual McKinney Prize Debate will be held in the chapel. In accordance with the plan agreed upon the debaters will not know what sides of the question they will take until today. The men, chosen for their excellence in debate, who will take part tomorrow evening are Albertson, Burroughs, Fuess, Lewi, McHargue and Nesbitt. The question is on the recognition of Soviet Russia by the United States. It is expected that there will be a large attendance.

HAMILTON WILL CLOSE TRACK SEASON MAY 31

Middlebury Team Will Meet Buff and Blue in Clinton—Visitors Have Been Champions of Vermont for Seven Years

The Middlebury track team, for seven years state champions of Vermont, comes to Clinton on Saturday, meeting the Buff and Blue in the last track meet Hamilton has scheduled for the season. The visitors have scored more points in the last two years than the Universities of Norwich and Vermont combined. Amherst, outscoring them 87 to 48, is the only team which has defeated them this season. Worcester Polytechnic Institute was defeated 89 to 46 and a meet with the Connecticut Aggies was cancelled on account of rain.

Cook, captain of the team, places in five events: the 100, 220 and 440 yard dashes, and the high and broad jumps. The best weight men are Cass and Whitney, the latter entering not only the shot put, the hammer, discus, and javelin throws, but also the 120 and 220 yard hurdles, the high and broad jumps, and the pole vault. Kendall is reported to be their best half-miler, easily taking first place. Crane, the mainstay in the dashes, pulled a tendon earlier in the season, but latest reports say he will be able to enter the meet Saturday. The team is composed of veterans with the exception of the freshmen Hancock, star miler, and Eddy, reported to be good in the javelin throw.

DRAMATIC CLASS STAGES "PRECIEUSES RIDICULES"

Because of Limited Seating Capacity Only Fifty Persons are Privileged to See Production

Last evening in the Little Theater the class in dramatic interpretation presented Moliere's brilliant, satirical comedy, "Precieuses Ridicules." Because of the limited seating capacity of the Little Theater, there were only about fifty persons who were privileged to see this splendid production.

The whole production was staged very simply. It was not necessary for the scenery to be elaborate, because the arrangement of the Little Theater was very appropriate for the general setting.

The cast, composed of juniors, was as follows:

La Grange, Charles C. Thomas; DuCroisy, Roger H. Briggs; Gorgibus, D. Douglas Hays; Mascarille, Owen A. Roberts; Jodelet, Richmond E. Thompson; Amanzor, James I. Farrell; Madelon, Glenn B. Snyder; Cathos, Donald H. Allen; Marotte, George H. Perrine; Two footmen, F. William Johnson, Jr., L. A. Wood.

Snyder, President of the Charlatans, and Allen as women did very outstanding work. Roberts as Mascarille did exceptionally fine work.

INTERCLASS SING WILL BE HELD SATURDAY EVENING

Class of '24 Has Won Every Similar Contest in Which It Has Participated

The Interclass Sing will take place next Saturday evening after the College Smoker. The contest will be held on the campus, as usual, and the various classes will be allowed to choose the places from which they will sing. The song-leaders are as follows: Senior: Les Moore; Junior: Russ Thompson; Sophomore: Frank Nichols; Freshman: Gus Springmann. These leaders will hold rehearsals for their respective classes this week. All of the four classes will sing "We Come to Hang Our Banners," and the Senior Class will also render "Those Dear Old College Days"; the Junior, "Bright Hamilton"; the Sophomore, "Fair Hamilton"; and the Freshman, "Gather Close, Ye Boys and Men." It is interesting to note that the Class of '24 has won every Interclass Sing in which it has participated thus far.

BASEBALL TEAM WILL WIND UP ITS SEASON

Contests Are Scheduled This Week with Clarkson at Clinton, Wednesday, and with Union at Schenectady on Decoration Day

MAY PLAY ALBANY AGAIN

Young Cloud-burst Forces Calling of Last Saturday's Game with Albany Just as Victory Seems Certain for Buff and Blue

The Hamilton baseball team will wind up its season with two contests this week. Clarkson will come to Clinton for a game on Wednesday and the final fray of the year will be the Decoration Day game with Union at Schenectady on Friday.

Coach McBride has been working the squad hard during the last few days in an attempt to finish the season in good style. The players showed a great improvement in their play against Albany Saturday and should be able to register a couple of wins this week.

Who will be selected to hurl the Clarkson game is still in doubt. It is Martin's turn as Gifford pitched Saturday, and it seems likely that McBride will use him on Wednesday and have Gifford on the mound against Union. The Union game will be the only contest between the two nines this year as the game scheduled to be played at Clinton was cancelled because of rain.

There is a possibility that a return game with Albany will be played here on Saturday, but no definite arrangements have been made as yet.

Rain Stops Albany Game

Just when it seemed that the Buff and Blue baseball team would chalk up its first victory of the season last Saturday against the Albany State Teachers' nine, a young cloud-burst forced the calling of the game after one man was out in the fifth inning. Hamilton was leading at this stage of the game, 7 to 2. It was attempted to resume the game after the shower, but the muddy condition of the field made play impossible.

After retiring the Albany batters in order in their half of the first inning, Hamilton put the game on ice by scoring six runs. The team batted once around in this frame, MacLean, lead off-man, making the final out. Sarcka featured the batting spree with a circuit clout and then came through with a clean single in his second trip to the plate.

Gifford was on the mound for Hamilton and pitched good ball. Albany scored twice in the fourth on three hits and an error, but was helpless in the other innings. LeBarron, Albany twirler, was far from a puzzle to McBride's men, being nicked for eight hits including a homer, triple, and double.

—H. W. Harding, '72, is expected to open his summer home on Harding Road, Clinton, early in June. He has been spending the winter in Florida.

Commencement Time.

Within a little more than two weeks another college year will have come to a close and Commencement time will once again be celebrated. It is a time which many undergraduates have long been anticipating with pleasure, a time when seniors begin to worry about next year's jobs, and a time when alumni make plans once again to visit their Alma Mater. To many it is the best part of the college year.

Although just about now, every year, Commencement is always heralded as promising to be "the best in years," the fact remains that for the most part commencements do not change radically from one year to the next. At Hamilton practically all of the commencement times might vie with each other for first place and none would be without ardent backers, unless all the members of a class which celebrated commencement many decades ago had died.

With this in mind, it would seem futile to boast that this commencement promised to be the best in years, but if indications mean anything at all, it certainly appears evident that this commencement will long be remembered, because there are several features which set it apart as unique. In the first place, Elihu Root, '64, plans to be back to celebrate his 60th commencement anniversary. In the second place, there are about a hundred and fifty alumni who plan to be on hand for the opening of the new Deke house, and many more who will come to see how things are progressing on the new Theta Delt house, and on the plans for the new Alpha Delt and Sig Hall additions. Then, too, there are the newly completed faculty homes, the excellent new tennis courts and the construction of the new science building—all of which will attract attention. In short, commencement time this year marks a period of great development and growth for Hamilton.

All alumni who have class reunions this year should do all in their power to be back to visit their Alma Mater and their old classmates, and those alumni who have no particular class reunion this year should come to see their Alma Mater anyway, and perhaps mix it up a bit with some of the other fellows, including the undergraduates.

100% Red.

That organizations of every description more and more are coming to the realization that college newspapers and college students generally are excellent mediums for spreading any propaganda they may wish, is a fact of which we have abundant evidence here at Hamilton. Were all these organizations backed by men of substantial character and excellence, and did they have some motive other than the mere spreading of propaganda, there might be some advantage to be gained in doing their bidding.

By way of illustration, the case of the college Republican clubs which have been organized in nearly every college in the country might be cited. The Republican party realizes that a good place to begin its propaganda on an extensive scale is in the colleges and universities of the country. Fortunately this organization represents one of the type which undoubtedly can accomplish some good since their programs include something of a wholesome, educative nature.

In direct contrast to this is the case of an outfit which calls itself the "League for Industrial Democracy" and which recently sent a contribution for publication in **Life**. The article goes on to say that the League is planning a conference in June on an American labor party and brings up the question why it is that the United States alone among industrial nations has no strong party representing the interests of the workers. Although the propagandistic story modestly asserted that no one expected the conference to nominate a presidential candidate, still "among the specific questions to be discussed are the possibilities and limits of political action; the economic and political basis for an American Labor party, and an immediate legislative program for such a party. International questions will not be neglected, nor will the practical questions of propaganda technique be ignored."

Some of the so-called leaders of the conference discussions include such men as Morris Hillquit, Senator Henrick Shipstead, of Minnesota, and John Brophy, president District No. 2, United Mine Workers. Further investigation brought out the fact that Paul Blanchard, formerly prominently connected with the Intercollegiate Socialist League, and a man who stirred up no end of trouble among Utica labor in 1919, was also a leader in the League.

One well known Utica business man characterized the League for Industrial Democracy as "100% Red" and went on to say that it was nothing but a socialistic outfit of the worst kind.

Colleges have proved a fertile field in the past for parlor socialists and theorists, and unless active step are taken, they may not prove immune from their propaganda even now. Nevertheless, a little investigation, a little looking beneath the surface of some of these high sounding organizations, such as the one in point, to see what they really are like, often reveals some interesting surprises.

BASEBALL TEAM MEETS TWO DISASTROUS DEFEATS

Colgate Overwhelms the Buff and Blue at Hamilton, N. Y., and St. Lawrence at Clinton

The Hamilton baseball team met with two overwhelming defeats last week, first with Colgate last Tuesday at Hamilton, N. Y., when the Maroon scored 20 runs to Hamilton's 5, and then with St. Lawrence on Thursday at Clinton with the short end of a 13-5 score.

In the Colgate game Hamilton was unable to overcome an 18 to 2 advantage after the fourth inning. Hopkins, star freshman pitcher for the Maroon, held the Hamilton nine scoreless in the first inning. Colgate did not bring in any runs until the second inning when she started the scoring by registering ten runs against one for the Buff and Blue. Neither team scored in the third, but in the fourth inning Colgate took another stride and brought in eight more runs. Hamilton tallied another run when, with Pottle safe on Hubbard's errors, Ricketts walked, and Pottle scored when Sanford missed Gifford's fly. In the fifth Colgate was outscored for the inning when the visitors brought in three runs, Courteau making a double and Hatch a three-bagger. The freshman pitcher, Scholtz, was substituted for Hopkins in the sixth and, allowing but one hit, managed to keep the Buff and Blue scoreless for the last four innings.

Carpe Diem

Freddy Benson, Clinton's own Harry Lauder (for confirmation see F. Benson), sent in a bill to Bursar Coughlin that somewhat staggered the office force situated in the Hall of Philosophy: "10 goes, 10 comes at 50 cents a went, $5."

Carpe has received several criticisms of his "curriculum" joke that appeared last week, on the ground that it was pretty old. Well, here's another, printed without due apologies to "Malteaser":

The lady had been conducted through the college museum, and had been properly impressed, but she still felt that something was lacking. "Now where is it," she said to the guide, "that you keep the curriculum?"

If this joke does not satisfy his readers, Carpe is quite prepared to stick another in next week.

That greatest disciple of the good turn on College Hill, Wally Johnson, has found that his three-seater Buick will not hold all the fellows that he passes on the way up and down the Hill, so he has purchased a Paige 8-seater. Umppy Olmstead went up to Stink's Tuesday evening astronomical session. While Stink was adjusting the telescope Ump saw a falling star and muttered under his breath, "By gol, the old fellow's some shot."

When Carpe saw a thin bundle of newspaper Mss. fall from F. P. Pep's Diary

16th. By railway coach to Clinton; and there did visit Hamilton College, made famous by Elihu Root. Blessing God that now I was in the quiet country I thought to sleep. But Lord, what a din arose from a nearby lodging. Many drums with horns and noisy laughter. I to my host to find out the meaning, who did say it was a low haunt much frequented by aborigines hereabout, known as Ki Si's, these noises he say do often force him, being artistical, to stop his ears to sleep.

17th. Up at 8 to play with a student at tennis. But he dancing until 7 do so stagger with sleep that little pleasure was gained. Then to College, where, many youths asking the secret of my writing and some saying they too are known as wits. Did notice Woollcott often forced himself upon us at such times. Lord, how he do love lime-light.

At 2 did appear Edna Ferber, she being just up. Every person did crowd around her. Whereon I got up with disgust and left this hill-top for my dear New York.

REMODELED ALPHA DELT HALL WILL HOUSE 19 MEN

Plans Call for Building of Wing on South Side of Present Building

Pamphlets were recently sent to the alumni members of the Hamilton Chapter of Alpha Delta Phi containing information concerning the need for additions and remodeling of the Alpha Delt Hall. A fund of $100,000 is being raised for this purpose.

It is planned that the present building will remain, and that a wing will be built out on the south side that will contain a large dining room. The second and third floors will contain bed rooms and studies enough to accommodate 19 men. The present billiard room will remain as it is in the basement and a large kitchen with servant rooms will be added.

By using these plans the traditions of the Old Hall on the old site will not be lost. The work is being carried on under the direction of a committee with Dr. Robert G. McGregor as the Chairman.

In the St. Lawrence game, with the score 0 to 0 at the end of the first inning, Coach McBride's men outscored the visitors 2 to 1 in the second, and brought the total up to 5 in the third against 3 for the Scarlet. The St. Lawrence team then swung into the form which has given it such a successful season, brought in 4 runs in the fourth and added their own tally to a total of 13 by the end of the game, and kept the Buff and Blue from scoring further. Martin took the mound at the beginning, pitching for seven innings, and was relieved by Marks in the eighth and ninth.

The initials of a friend

You will find these letters on many tools by which electricity works. They are on great generators used by electric light and power companies; and on lamps that light millions of homes.

They are on big motors that pull railway trains; and on tiny motors that make hard housework easy.

By such tools electricity dispels the dark and lifts heavy burdens from human shoulders. Hence the letters G-E are more than a trade-mark. They are an emblem of service—the initials of a friend.

BALL COMMITTEE IS SPARING NO EFFORTS

Senior Function Will Follow Charlatans' Play and Deke Reception in New Home

Plans are now being completed for the annual Senior Ball which will be held in Soper Gymnasium Friday evening, June 13th. The committee in charge is sparing no effort to make this as good as or even better than the Senior Ball of last year. The Charlatans' play, "The Faithful," will be given early in the evening, with a reception afterwards at the new Deke House. The ball which will immediately follow the reception will probably begin about 11 o'clock.

As in former years, lunch will be served in Commons at 1:30 a. m. The commitiee wishes to request that there be no rushing to secure food, as plenty of waiters will be in attendance to serve the lunch.

It has not been definitely decided what orchestra will be engaged, but the committee is planning to obtain the best music available. Although no extensive decorations are planned because of the Charlatans play, an indirect system of lighting will be used, similar to that of last year.

The members of the faculty and their wives will act as patrons and patronesses.

Tickets for the Ball may be obtained from the committee, composed of Francis H. Meehan, chairman, L. D. Bates, and Frederick Fuess. The tickets including lunch will cost five dollars a couple. The committee urges all men who are planning to go, to buy their tickets as soon as possible.

HOUSEPARTY GIRLS ENJOY SPRING ISSUE OF GABOON

Joyousness of Spring Influences Editor to Descend to Very Free Verse in Masterly Editorial

The house-party girls seemed to enjoy very much the latest issue of the Royal Gaboon, which came out on Saturday, the 17th. They claimed that they could understand Hamilton men a bit better after having "perused" its pages.

"Bienvenu" was the title of the very attractive and appropriate cover that Ernest D. Button, '26, designed. One of the features of the magazine was the Foreword which stated emphatically among other things that, "There are no allusions, hints, insinuations, or references to those monuments of literature, "The Plastic Age" and "Flaming Youth", in the pages that follow." The joyousness of our spring seemed to have influenced even the editor who descended to very free verse in his masterly editorial.

HAMILTON TENNIS MEN DEFEAT HOBART HERE 4-2

Hamilton defeated the Hobart tennis team here last Wednesday 4-2.

The result of the matches is as follows: In the singles Ogilvie defeated Beggs, 6-3, 7-5; Kelly defeated C. Mann, 8-6, 6-1; MacGregor lost to French, 6-3, 6-2; and Chase defeated Thurston, 6-2, 6-3. In the match between Kelly and C. Mann, Kelly dropped the first five games in the first set before he began to score. It was this decided come-back which resulted in Kelly's final victory of 8-6. In the doubles Davenport substituted for Ogilvie. MacGregor and Davenport were defeated by Beggs and French of Hobart, 6-2, 6-4. Of the Hobart team D. Mann and Shepard substituted for C. Mann and Thurston and were defeated by Chase and Kelly for Hamilton, 6-2, 6-1. The final score was 4-2 in favor of Hamilton.

TRUSTEES' COMMITTEE APPROVES SIG HALL PLANS

The Building and Grounds Committee of the Board of Trustees approved the plans for an addition to Sigma Phi Hall. C. Roy Newkirk of Utica was the architect. This addition has become necessary because of the plan of the members of the fraternity to eat in their house, beginning about November 1, 1924.

It is planned to start work as soon as estimates have been received. The present billiard room on the first floor will be enlarged to serve as a dining room. A wing will be built extending north of this room, containing quarters for the help. The dorm is also to be remodeled so that four more men can live at the hall.

SUNNY WEATHER FAVORS INTERFRATERNITY TENNIS

During a week of excellent sunny weather the interfraternity tennis tournament rolled along nicely. Keen interest was shown in the first round matches. Of the first round contests the Sigs, Theta Delts, D. U.'s, Dekes, Psi U.'s and Alpha Delts were successful. The Sigs won a second round match from the Alpha Delts 6-3, 6-2. This week the remaining rounds are to be played. The D. U.'s meet the Theta Delts, and the Dekes the Psi U.'s

—In the June number of "Vanity Fair" there appeared an article by Alexander Woollcott, '09, in which he pays fitting tribute to the beauty of the college campus. "My college," he writes, "which, despite that small but possessive pronoun, does belong less to me than I to it—is a little college. It is a remote, cloistered, uncommonly rustic academy called Hamilton, and I know no lovelier corner in America than its high, gracious campus, through the vistas of whose ancient elms and poplars the idling Sophomores look out for forty miles across the Oriskany Valley to the far, sunlit foothills of the Adirondacks."

SILVER BAY DELEGATES ARE CHOSEN BY Y. M. C. A.

The Y. M. C. A. of Hamilton College will be represented at the summer conference at Silver Bay by a delegation of at least two men. John Gregory, '25, and J. William Walbridge, '26, have been appointed by the local association as stated delegates to the conference. It is hoped, however, that this delegation may be increased before the conference date and additional financial backing secured to send at least four men. Last year Douglas Hays and John C. Toaz, '25, attended as delegates.

The sessions extend from June 12-19 and the program includes forums and discussion groups on subjects of interest to the college student on his campus, and open meetings addressed by religious leaders of the country. All the eastern colleges will be represented at this conference.

BULLETIN BOARDS OFFER GLOWING OPPORTUNITIES

No Hamilton student has any right to say that he can't find summer work. The various bulletin boards of the college offer many opportunities. Most of them, however, are selling jobs. It is glowingly predicted in all cases that "the work is pleasant and the salary large."

One of the concerns advertising is the Fuller Brush Company of Hartford, Conn. Don Bye, '26, is the college agent. Another is the International Bible House of which F. W. Fuess, '24, is the college representative.

Perhaps the most inteersting announcement was one that read "Students wanted to participate in the titanic development of Muscle Shoals. The most prominent concern connected with the development of Musele Shoals requires the services of college men and women. A summer's experience will mean a permanent career for many a student."

YOUR PATRONAGE IS INVITED
Hair Cutting, Electric Massaging and Singeing. Three Expert Barbers—no waiting.
W. E. CHAPPELL

To you capitalists — the class of '24

Your college training is in truth a capital. Its value is not fixed, but depends on the way you invest it.

Some men demand a quick return — a high percentage of profit. Others look more to the solidity of the investment.

The man of speculative mind may stake all on the lure of a high starting salary, without a thought to the company which gives it or where this may lead him in ten years. True, his opportunism may reap exceptional profit; or else a loss.

The man who knows that great things develop slowly will be content with six months' progress in six months' time—provided he is investing that time in a company which offers him a future.

You who are about to invest, satisfy yourself that the security you are getting is gilt-edged.
